ANECDOTES OF PALMERSTON.

His Private Life and Public Career. The English papers are publishing reminiscences of Lord Palmerston, including many anecdotes of his public and private life, some of which we copy below:

FIRED AT.

The sympathies of the civilized world are with the gallant Paraguayans, now making so splendid a resistance against the overwhelming forces which Braziland her affiles marshal against them. The great empire of Brazil already the strongest power in South America, stendily and selfshily pursuing its fixed policy of self-uggrandizement, has already practically suggrandizement, has already suggrandizement, has already practically suggrandizement, has already practically suggrandizement,

AS A SPORTSWAY,

the more annoyed because he had got a crowd of people round him. However, his patience was not long tried, as the present Lord Strafford (then Lord Enfield), passing by, took compassion on him, and said he would see what he could do for him, and passing him through an inner door, to the great astonishment of the proliferman returned to him shortly, crowd of people round him. However, the policeman, returned to him shortly, and said Lord Palmerston would come to people of Belgiun are opposed to it and sympathize with the republican freedomen were the poor laborers, in the slaves belonged to the wealthy sionists. Col. Binney say the point, agreed; if the military authorities lid sustain him, to put the idea in this document, and the young men of agreed; if the military authorities lid sustain him, to put the idea a revolutional about as recloses a revolutional as recloses a revolutional as recloses a revolutional as recorded as not reclose, the daughter of their sources of the general commanding the partners, who was conveniently in the screen.

The Mexican minister of foreign affairs, Senic Lerdo de Tejada, addressed, on the sympathize with the republican part of the evertile to the various statements. I visited the several shafts, already seven in number, and obtained the part delight; and and, after shaking hands with him most cordially, asked what he had come to be limin a few minutes. That he accord in him in a few minutes. That he accord in him in a few minutes. That he accord in him in a few minutes. That he accord in him in a few minutes. That he accord in him in a few minutes. That he accord in him in a few minutes. That he accord in him in a few minutes. That he accord in him in a few minutes. That he accord in him to point a propose of the arrival of the eholera-laden in him to put the idea in this document, and the wealthy only have to serve in mumber, and obtained the same time statements, I visited the several shafts, already seven in number, and obtained thin in a few minutes. That he accord in him in a few minutes. That he accord in him to point a propose of the arrival of the eholera-laden in him to put the idea in him to put the idea in him to put the idea in this document, and they suppose of the arrival of the eholera-laden in him to put the idea in this document, and they suppose of the arrival of the eholera laden in him to put the idea in this document, and the want and point and at the same time shafts, all the accordingly and a statements and ac to the effect that he was afraid he was de-taining him, as he knew he (Lord Pal-merston) had plenty to do. His lordship then shook him again by the hand; and just as he had parted with him, "John" turned round and amused him beyond

"Dear Sir: I have observed with in-terest your political conflict in New Jer-My advice (for whatever it is worth It is really provoking, hardly worthy of a serious thought, but rather of satire The following was the distribution among and is now doing much better than formerly—flowing over 400 barrels per day.

Aberdeen, and had himself occupied the same position in two different ministries. would not make a single day's difference and went down to the kitchen. Immediately a cry of murder was heard, and a stely a cry of murder was heard, and a On the 8th of April, 1818, as Lord Pal- The doctrine stated so positively in the

munity where the disease exists. If the cholera was actually contagious, in the ordinary acceptation of the term, a panic would be assassin was tried, proved to be insane, and confined for life in Bedlam, where he only recently expired.

IN SOCIETY.

Lord Palmerston—and in this Lady Palmerston resembles him—was in his very nature genial and social. They loved society—not necessarily their own society, but all men and women. In the country, as in town, their hospitality was unbounded. A large family circle continually catherold around then reinforced by who contagious.

munity where the disease exists. If the cholera was actually contagious, in the ordinary acceptation of the term, a panic would exist, and it would be difficult to obtain nurses, or medical attendance for the sick. But no intelligent medical observer of the disease in this country, at the present day, believes that cholera is contagious. I have, myself, in two epidemics of cholera in this country seen a great number of cases of this disease, and have carefully observed and studied its causes and progress, and I may say, in common with others who have made similar observations. The would be difficult to obtain nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick. But no intelligent medical obstains nurses, or medical attendance for the sick may be res Dr. Snow adds:

ly poweriess for evil, is, to a very great extent, within our control, and here is

where our duty lies. Lord Palmerston was a sportsman from his cradle, and whether shooting the coverts of Broadlands, following the Hurs-level of Broadlands, following the Broadlands of reducing it to the same condition. The gallant defense which this republic, small in size and weak in numbers, has made against overwhelming odds, demands the admiration of the world, and the courage, alility and energy displayed by Dictator Lopez in leading his determined army, has weah him a reputation as the hero of the war. He has just suffered a reverse in the capture of Uraguayana, but the obstinate against a besigning force of over and defense which his garrison of 8,000 incops redeems the disaster and sheds greater lastre on the Paraguayan arms.

According to the official journals of Brazil, the world has been a change of front. Worth claims to be a Union man, but we suppose of the 'conservative' sort, and one whose antecedents are more tail of Paraguay, Assumption, is invested in the capture of Uraguayan, Samption, is invested and one whose antecedents are more tailed for the world have been faintly decided that Jeff. Davis will receive a full and figured that, by his countonnee, they have forest hounds, or assisting at the Derby has called that Jeff. Davis will receive a full and figured that, by his countonnee, they have been faintly decided that Jeff. Davis will receive a full and figured that, by his countonnee, they have been faintly decided that Jeff. Davis will receive a full and figured that Jeff. Davis will receive a full and figured that Jeff. Davis will receive a full and figured that Jeff. Davis will receive a full and figured that Jeff. Davis will receive a full and figured that Jeff.
